

The Department of Missouri received a substantial Federal Grant and elected to create an incentive to renew or upgrade your membership to Life. They will refund one-half of your life payment cost. This offer is good through the end of this membership year which ends June 30, 2022 or when funds run out. This incentive is for Post in the state of Missouri. Follow these steps:

Go to www.vfw.org and click on renew (no sign in required). Follow instructions to upgrade to Life. Installment is allowed for this incentive, but not encouraged as refund will not be sent until all payments have been met. It is better if you pay full amount up front.

Once you have completed the entry and paid send an email to vfwpost7356@kc.rr.com and advise the post quartermaster that you have upgraded and the cost. Once received he will verify the upgrade has been completed and will send a message to the Department quartermaster of your upgrade and the the department will write a check for half of your charge and mail it to you.

Note this incentive is also valid for new members.
